Dividend Payments Transition to Direct Deposit

The Jamaica Central Securities Depository Limited (JCSD) has announced that dividend payments will transition to direct deposit via electronic funds transfer starting January 1, 2027. This modernized approach offers the following benefits for shareholders:

- ☑ **Faster access to funds:** Dividends are credited directly to your bank account on the payment date.
- ☑ **Enhanced security:** Minimizes the risk of lost, misplaced, or fraudulent cheques.
- ☑ **Greater convenience:** Eliminates the need to visit a bank to deposit cheques.
- ☑ **Improved payment tracking:** Payments are easily verifiable through your bank statements.
- ☑ **Environmentally friendly:** Reduces paper use.

To ensure uninterrupted receipt of dividend payments, we encourage you to submit your direct deposit instructions well before the January 1, 2027, deadline. Instructions can be submitted via the JCSD Client Portal at jcsdportal.jamstockex.com or by completing the Investor Instruction Form available on the Jamaica Stock Exchange website (jamstockex.com) and submit to your stockbroker or directly to the JCSD. For assistance, contact the JCSD at 1 (876) 967-3271 or email jcsdrs@jamstockex.com.

We understand that these changes may require adjustments, and we are committed to supporting you throughout the transition. Should you have any questions or require assistance, please contact your PROVEN Wealth representative or email us at cert@weareproven.com. Thank you for your continued trust and partnership. We look forward to supporting you as Jamaica moves toward a more secure and efficient payment environment.
